## Sharing Our Gifts

There is no doubt a wonderful spirit of community permeates everything we do in this parish. That was reflected on Thursday evening when we gathered for Mass and to share food and a chat.

Between 150 and 200 people arrived at the Church on one of the wettest evenings of the Summer. The theme of the Mass was **'Living our Baptism by Sharing our Gifts.'** It was truly a special celebration of Mass in Thanksgiving for a community of volunteers. The prayers, reflections, readings, music of the Mass reflected the special gifts we all have and the importance of sharing them. We suggested that this community would come to a standstill without this sharing. We reminded ourselves that we often commemorate the people who died for Ireland. On Thursday evening we saluted all those quiet, hidden in people who live for their community and country. We take so much for granted. In our personal lives we can take health, hearing, sight, life itself for granted. In our Church and Community we can take so much for granted too. There is always a team behind a team. So, we count our blessings. And the greatest Blessing of all is to be able to say **thanks**. That is what we were doing on Thursday evening. **Thanks to the web of people who make it all happen in our parish.**

We shared the food and chat in the room beside the Sacristy. The Spirit was a true reflection of the dynamism in this Community.
