Fr. Harry is doing well and is convalescing at his sister's house. As it is still very soon after his surgery, the medical people have advised that he be given time and space to recover. He is doing very well and appreciates the support he is getting from everyone. If anyone in the Parish would like a visit from a priest please contact the Parish Office or call Puff at **087-2204820**. Bishop Willie is happy to call while Fr. Harry is recuperating. We are very grateful to him for all his help.

## TRUST

It's when we begin to take life for granted that we most need to learn to pray. The truth is that all the while we are making plans for what we will do next and how we will go about doing it, **life happens**. None of us really know where we are going and must never take it for granted that we do. We can plan our lives but we cannot guarantee them.

When our prayers are not answered, we know only one thing for sure: The challenge of life now is to live it differently. And it will be through prayer that we discover how to do that. Seeing Jesus being driven out of town, we come to understand that we cannot expect more.. ....

Seeing Jesus lose favour with the authorities, we learn that authorities are not the final measure of our lives. ...

We come to prayer free of the desires that bind us, free to live life in God, free to choose trust over certainty - which really means free to choose God over ourselves.

**God give us the trust it takes to go through life confident in your care and your love through all the twists and turns of life.**
