Our Priests

Over the next couple of weeks a lot of Priests in our Diocese will be making moves to new parishes. We wish them well and will keep them in our prayers as they settle into new pastures.

They are God's Representatives

We Respect and Trust them.

They are our Benefactors

We are Thankful to them.

At the altar

They offer our prayers to God -
We will not forget them.

At the Confessional

They are the physicians of our souls -
We show them our wounds.

In their daily lives they are human

*We will not hastily condemn them;
 a word of kindness will cheer them;*

If we must tell their faults

*We will tell them to God, that He may give them light
 and strength to correct them.*

CELEBRATING THE "ORDINARY"

This weekend we are celebrating and remembering - celebrating all that is good in our Community - all that is good in our community and remembering people and places that meant a lot to generations before us and to us now.

Above all it is about valuing what we call the ordinary in life, the people and places we might take for granted. It is also about focusing on the good things in life, being grateful for them and that, of course, includes life itself. Of course there are things we can all be negative about but by focusing on what is good we can get strength to cope with the challenges in life.

So, our celebration on Saturday evening is to thank God for the things we have inherited from other generations and to help us focus on what or who we describe as ordinary but in fact have had an extraordinary impact on our lives.

Lord how often you have sent Jesus to us in the form of someone we knew well but they were just too ordinary for us. All we could see was the carpenter, the son of our neighbour So the great miracle you had in store for us could not be worked.

So the message today is - open your eyes, open your mind, open your heart to life at home and all around us.
