**"Prayer  
 is the  
 Key to Heaven  
 but  
 Faith  
 Unlocks the Door"**

The mustard seed image is that all faith looks weak but is strong – because faith links us in a flow with God who is strong. God makes strong faith out of weakness. People often find that at bad times they recover some faith. We are born with seeds of faith, all of us. Faith, grown in us, no matter what faith we belong to. Seeds all look the same. A daffodil bulb looks like many bulbs. Then they grow and the bulb looks more like what it will become. Faith grows in different groups and situations. It is something strong. It can mean people will die for it. It may not be seen but is there. In our communities of faith, faith grows. We are born into faith and baptised into the Church. Faith grows within our Church community. In prayer, in the parish and school, in the family. School can do little for religion if it is not in the home. Like the bulb it can be nourished or die. Even a light bulb needs to be turned on. Big questions or bad times in life can nourish our faith if we turn to God. Like the daffodil bulb needs manure to nourish it, our faith can be nourished by what seems weak or even bad in life.

*"Though a mustard seed is the smallest of all seeds, yet when it grows, it is the largest of garden plants and becomes a tree, so that the birds come and perch in its branches."*
