## Weekly Parish Contributions

We have had a number of enquiries about the weekly Parish Contributions. Since the Churches remain closed until further notice you may drop your contribution through the letterbox at the Parish Office. We wish to thank most sincerely all who have already dropped in envelopes in the last few weeks. Your ongoing support is very much appreciated at this very challenging time!. Our main concern at this time is that everyone is safe and well. Thank you for your continued support.

## HOPE IN THE DARKNESS

God Our Loving Creator,  
Fill us with your Holy Spirit when times are hard.  
When we are discouraged  
give us the courage to go on.  
When darkness comes into our lives  
give us your light to see the way forward.  
When sorrow or disappointment comes,  
may we be people of Hope  
so that we will never give in to despair.  
When we have doubts,  
help us to place all our trust in You.  
Teach us to treat our common home,  
and all of creation with reverence  
and respect at all times.  
Help us to support others in their times of need.  
May we live in joyful hope every day!  
We pray in the name of Jesus. Amen.

## Our Lady of Fatima Feast Day Wednesday 13th May Novena Prayer

Most Holy virgin,  
who came to Fatima to reveal  
the graces hidden in the  
recitation of the Holy Rosary,  
inspire our hearts with a  
deep love of this devotion,  
that meditating on the  
Holy Mysteries, we may obtain  
(favours we are now praying for)  
which we ask of you  
in this Novena.

*"God has taught me that I never need to worry about tomorrow. I survived yesterday. I'm dealing with today. And with God's help I can face tomorrow and whatever comes my way!"*

There's no question that we are in the midst of an exceptional moment, not only in our lives but in history. For each and every one of us, the sense of "normal" has been disrupted in some significant way. For some, that disruption might mean a loss of a loved one or a serious illness. For others, it might mean an abrupt job loss or an abrupt change in working conditions. For almost all of us, it means a loss of services we've become used to and a loss of social interaction.

**Let us take advantage of this moment of disruption to reflect and to make real lasting changes.**

This moment in time provides us all with a lot of challenges, but with a unique opportunity to step back and really question what we're doing. For as long as this moment lasts, let us keep asking ourselves what was good about the old normal that we want to keep, what was bad about the old normal that we want to discard, and what about this current moment do we want to hold onto. That is a recipe for a much better life in every dimension, personally, spiritually, financially, and otherwise.
