God's Plan

Many find it difficult to cope with death. It's a parting with loved ones. We are experiencing a lot of it. It's important to find the meaning of the Christian Message. Jesus came to earth to teach people how to live but also how to die. **He mastered it - He rose again - He wasn't going to let death beat Him.** He rose - He stayed for a while to prove to people that He had Risen. And then He Ascended. The Feast of the Ascension points us upwards. It reminds us that there is more to the world than can be touched and tasted and seen. It reminds us that there is something bigger going on and that we are part of it. Each of us has our own distinctive and unique role to play. From the time we come into this world we have our own special life, with all its ups and downs, its joys and its sorrows. It all reaches its fulfilment when we meet God face to face. **How do we know?** Because Jesus has gone before us and will be back soon to bring us the rest of the way.

Ascension Day Prayer

Father in heaven,
 our minds were prepared
 for the coming of Your kingdom
 when You took Christ beyond our sight
 so that we might seek Him in glory.
 May we follow where He has led
 and find our hope in His glory,
 for He is Lord forever. Amen
