Mission Month of October 2017

Next Sunday, Pope Francis invites all Catholics to contribute to a special collection that supports churches, hospitals, schools, and vocations in countries where the church is new. We invite your prayers for all those who are involved in any ways as Missionaries. We also invite you to be as generous as you can to this important work.

Responding to Invitation Christian Community

The Gospel at Mass this weekend is about an invitation to be an active member of Christian community, to reach out to others and as Christians to make it easier for others and ourselves in the way we live life.

People for the most part are pre-occupied with their own business. Yet, at the same time big numbers do reach out to others in many ways.

The past week has been a busy one with people reaching out to others. It's County Final weekend. The Bridge/Kilmurry are in the final. John O'Meara, Manager of this team reminded us of what the club really means. He reminded us of a blitz for the under 6's in the pitch - over 100 youngsters involved. That's only a small example of so many young people in the G.A.A. Club, Camogie, Soccer Clubs and the many other organisations who do splendid work reaching out to others.

We mention this because we do need to remind ourselves of the huge work volunteers do in giving their time to others.

The concert on Friday night didn't just happen. Members of the Parish Council and others put in a lot of time in making this happen. The cause was important and that is about we as Christians reaching out to one another in heartfelt sympathy so that no one will feel alone. Members of the Bereavement Group are involved in this all the time. Young Parents got together this week with the Meaning to Life Group to prepare a programme for Parents which engages them in the vital work of formation of their children. These are but a few examples of the many people who respond to the invitation to be part of an active Christian Community.

Thank God for the gift of making sacrifices to help others and in that way helping ourselves too.

We may never be remembered for what we say - we are more likely to be remembered for what we do and especially for little acts of kindness.

Best of Luck!
