'Our World Needs a Revolution of Love!'

Pope Francis recognises that the world needs *'a revolution of love.'* He outlined how this can happen daily in the home, *'the domestic church.'* This *'revolution of love'* starting in the home, can lead the people of the world to become *'a family of all peoples.'*

About the Importance of Family...

It is in the family *'that each of us took his or her first steps in life.'* Within the family, members learn to live together, to overcome selfishness and to be reconciled. He suggests teaching the children to make the Sign of the Cross and to use the words, *'Thank you', 'I'm sorry'* and *'Please'* in everyday conversations.

About the Poor ...

Therefore, he says, *'Our world needs a revolution of love.'* Where does it begin?
'Let it begin with you and your families.'
