## YOUNG PEOPLE AND CHRISTIAN COMMUNITY

This weekend we show our appreciation for young people who served as Altar Servers in our Parish. Their presence at our Masses is very special. It is a very special Ministry. We thank them and their families and wish them well as they move into the next stage of life in 2nd level school. We would like to think that in their own way they represent our own people. In developing our concept of Christian Community this year we are stressing that the community is made up of different age groups. We often hear it said in our time that young people especially have moved away from the local Church. This is not true in our Community. We are privileged to have so many different age groups gather every weekend including the young. We now invite them in a very special way to respond to the challenge in becoming part of this concept with us, with a very special emphasis on Meaning to Life and Christian values.

**MOL AN OISE, AGUS TIOCFADH SAID**  
 (Praise the Youth and they will follow)

## The Gatherings

In encouraging and developing the growth of Christian community within our Parish, The **GATHERINGS** at the weekends - 7pm on Saturday evening and 10 + 11 am Sunday morning are vital. These are about celebrating the week just gone, thanking God for this, what we are, what we have and what we do.

### WE CONNECT WITH OUR GOD TOGETHER

We are very anxious to encourage people to gather with the rest of the community in their own Church. These gatherings are absolutely central to our whole concept of Christian community because at the end of the day we are a

### EUCCHARISTIC COMMUNITY.

We would like those who do attend to encourage others to do the same. i.e. to gather with us.

## Congratulations! to the Tidy Towns

Congratulations to the Tidy Towns Committee again on another encouraging year. Keeping the environment tidy is an invaluable centre in all kinds of ways to our community. Above all it represents Pride of Place but it has also other very practical implications for business etc. The committee are anxious to recruit new members. Volunteerism is very much part of our Community and this is a very special way to make a contribution.

We would also encourage every housing estate to play their part in ensuring that the overall Community is moving in the same direction. We congratulate and thank all those who keep their own place tidy as well as those who are involved in the wider community. The whole community are deeply indebted to the work of Margaret and Mick who do trojan work. We are all deeply grateful to these two people for the quiet unassuming way they carry out this work.
