BACK TO SCHOOL

What will this year bring? We don't know. It is a hugely important time for children starting off. A man said to me during the week 'there are two things we need in life Health and Education - we need health to function and education to get on. I believe that of all stages people might take in the world of schooling and education, these Primary school years are by far the most important.

We learn to read and write and it's a new beginning on the journey of socialising with others. This coming year will likely bring our children its usual times of work and play, experiences of learning, newness, success and challenges - all things that are part of school life. It's a new beginning - the planting of a seed that will grow for a year; a seed that will blossom in years to come.

We all have memories of our time '*going to school*'. They are probably very mixed. One thing is fairly sure - we all have definite memories of who we journeyed with on our way through school, and we remember the teachers who played such a big part in our lives.

Once again we thank God for our schools - teachers and staff. We want them to know how much we appreciate them. As they begin this new school year, in hope, in prayer, in friendship, May God begin it with them, be with them during it and successfully bring it to its conclusion.
