## There is Nothing New Under the Sun

*Vanity of vanities. All is vanity! For all his toil, his toil under the sun, what does man gain by it?*

A generation goes, a generation comes, yet the earth stands firm for ever. The sun rises, the sun sets; then to its place it speeds and there it rises. Southward goes the wind, then turns to the north; it turns and turns again; back then to its circling goes the wind. Into the sea all the rivers go, and yet the sea is never filled, and still to their goal the rivers go. All things are wearisome. No man can say that eyes have not had enough of seeing, ears their fill of hearing. What was will be again; what has been done will be done again; and there is nothing new under the sun. Take anything of which it may be said, "Look now, this is new." Already, long before our time, it existed. Only no memory remains of earlier times, just as in times to come next year itself will not be remembered.

## Beginning of School Year Masses:

We are very fortunate to have two excellent Primary Schools for our children, with a committed staff. They have a huge responsibility. They make a serious effort to connect in with a wider community. We pray for the children, staff and of course parents at the beginning of this years school Masses.

## Defibrillator in Sixmilebridge Parish Church

A training night was held during the week in the GP Room of the Church organised by the Parish/Pastoral Council. Martin Conlon provided the training assisted by Paul Egan. We sincerely thank them for giving of their time for such a worthy cause, and to the Defibrillator Trust who provided the equipment. We are very fortunate to have so many highly skilled people living in our Parish. Training sessions will be ongoing.
