Integrated Alcohol Service: HSE MID WEST Community Healthcare

The IAS Team provides counselling, case management and key working to over 18s resident in the Mid-West, where alcohol is their primary issue of concern. If you would know someone, or have a client who would like to explore their alcohol use and how to make positive changes, they can contact 061-492016 to arrange a screening. Screenings are carried out over the phone and then work with the client face to face, working in sites across the Mid West or via telephone counselling if that is more accessible.
