In God's Tomorrow There is Eternal Spring

All nature heeds the call of Spring

As God awakens everything,

and all that seemed so dead and still

experiences a sudden thrill

as Springtime lays a magic hand

across God's vast and fertile land.

Oh, the joy in standing by

to watch a sapphire springtime sky

or see a fragile flower break through

what just a day ago or two

seemed barren ground still hard with frost,

for in god's world, no life is lost,

and flowers sleep beneath the ground,

but when they hear Spring's waking sound,

they push themselves through layers of clay

to reach the sunlight of God's day.

And man and woman, like flowers, too, must sleep

until called from the darkened deep

to live in that place where angels sing

and where there is eternal Spring.
